Scheduled collection days remain in effect for all holidays other than Christmas (service is omitted on Christmas and not rescheduled).

### Commercial/Multi-Family Cart Service

 Commercial / Multi-family cart service requirements and schedules are the same as those for residential service. (See Page 3.)

### Commercial/Multi-Family Dumpster Service

 The City provides commercial dumpster service to all multi-family units and businesses. Additionally, dumpster customers, who are charged for solid waste collection on the basis of the cubic yardage of solid waste collected, can save collection expense by putting recyclable material in recycling carts rather than in dumpsters. Dumpster service is based on cubic yardage. The City provides dumpsters from 2 cubic yards to 8 cubic yards. All dumpsters must be screened from the public view. Damage to the dumpster other than normal wear and tear is the customer's responsibility.

## Collection Container Maintenance Information

**Y**our cart or dumpster is City property, but the resident is responsible for it. If it is stolen or vandalized, please contact the **Broward Sheriff's Office at 954-561-6161** to report the incident and obtain a "incident number". Then report the incident to the **Solid Waste Office at 954-630-4452** with the "incident number" issued by BSO. The City will repair or replace the solid waste container as appropriate. Additionally, if your container is damaged, contact Solid Waste for repair or replacement. Containers that are damaged through neglect or improper use are repaired or replaced at the customer's expense.

To keep carts clean and odor free, they should be washed regularly with detergent and water. Do not paint or alter the exterior of your cart.

When moving, the cart is to remain at the current location for the next resident's use.

## Single Stream Recycling Services 65 gallon carts provided

**W**eekly curbside recycling service is provided for all solid waste customers. See Page 10 for collection days for each area. Participation in the program reduces consumption of our resources and improves the environment. Each residential unit paying the annual assessment for solid waste removal receives one (1) blue 65 gallon roll cart to place all of your recyclables in for collection. To participate in our recycling program, contact our **Utility and Billing Services Office at 954-630-4280** to request your recycling carts.
